Article published on June 4th 2012 | Business

Several levels of company management need meticulous and precise administration. For this purpose, there are external companies that provide management solutions of all kinds. For an effective and well-managed administrative setup available within companies, there are external service providers available. These companies provide all kinds of management solutions for client associations and commercial setups. One such name that stands out as a provider of credible services is that of body corporate services. The company specializes in different segments of administrative operations like legal and insurance issues to even management of corporate and personal premises.

Another well-known name that provides strata management services for client companies is that of integra management. Interestingly the company is engaged in providing management services for not only companies and commercial establishments but also even housing societies and communities. The company has a network of offices and a team of skilled personnel to take up each aspect of their services with complete success. A common element of the services of the two companies is a quick action and response schedule. They respond with their services within 24 hours of a client request and this enables a feeling of trust and reliance.

Body Corporate Services has been in operation for more than 40 years in Australia and have services extending through Queensland, Victoria and New South Wales. In recent years, the company has also extended its services to offshore clients in Bahrain, Dubai and other places in the Middle East. They have experienced professionals on their payroll with whom they can extend highest levels of professional services for clients. Integra Management has been in operation for over 25 years and has excelled with a diverse range of client portfolio to their credit. A consistently high level of remarkable services in several areas of their expertise has earned the company a reputation and credibility for a successful boost for the coming years.
