Why Setting Performance Targets Can Be Counterproductive - Accident Lawyer Houston by Â ALMA TERRY

Article published on June 14th 2012 | Multiple Sclerosis

Accident lawyer houston one of the methods that many organizations are trying to implement their employees to improve is to targets of some sort up.

Accident lawyer houston

In fact, the government does not do this all the time for the public sector. Accident lawyer houston setting targets for hospitals. Accident lawyer houston schools, etc. Accident lawyer houston and many companies to set targets for sales. Accident lawyer houston productivity, response time, earnings. Accident lawyer houston and more. Why these goals are so widespread? because they are thought to be: measurable - you can not just measure the quality of care in the hospital getting someone. But you can measure how long they must wait for an operation that can not be measured easily. But customer service can be measured. Whether someone has achieved a sales targetmotivating - goals are to provide people something to work for a goal to strive for and a sense of achievement when they subject way to compare to make - because they are measurable.

You can use to compare individuals and organizations. You can compile league tables and diagrams - those who have reached their destination and who has not. accident lawyer houston who made the most progress so it seems that the goals must be a good thing. Yes well, no, not really forever?.
