We have been moving homes and businesses for many years. If you would like a home removal service, we can move you local or nationwide. All of our removal crews are trained to the highest standard.

We also offer a packing service for those who simply do not have the time or do not wish to do it themselves. We offer a vast range of packaging materials for example, wardrobe cartons, boxes, tape, bubble wrap, packing paper we challenge any of our customers to find the same quality products cheaper. We invest heavily in furniture protection covers, such as sofa bags, door frame covers, carpet protection etc.

Commercially we can move small offices or cope with the largest of office moves. We also offer internal reorganisation for commercial customers.

We are proud members of the National Guild of Removers & Storage, which is the only trade association in the UK that has an ombudsman scheme, solely for you the customer, in case of any disputes. It also means we are continually monitored and independently inspected on a regular basis. Now on to the storage side of our business. We have secure, dry storage facilities, that is constantly monitored by CCTV, 24 hours a day. All of our staff are in full uniform at all time, and are polite, respectful and courtious at all times.

All our vehicles, as you would expect are fully equipped with protection and all tools required to complete your removal with the minimum of fuss. A polite message to all potential customer is many people think that the moving industry is just a just a question of labour where unskilled men move items from A to B, this however is not the case. To move your possessions safely and securely they need to be handled with great care and attention in order for them to arrive safely at your new destination. It is just not a case of simply putting things in the back of a lorry, things need to be secured and wrapped with blankets. All removals in Salford should invest in staff training and have appropriate insurances, please check with your removal company, as this is not always the case, hence some company's quoting ridiculous prices. Our companies aim is quality, honesty and reliability.

We are also the preferred choice of large organisations such as DFS, Furniture Village and SCS, to name just as few, to carry out home deliveries of furniture. Buckley's Removals in Manchester is a company you can trust for all your removal requirements. We can cater for anything that is related to the moving industry.

Last but not least 70% of our work is by way of recommendation...Need we say more!!!
