Article published on April 2nd 2012 | Sports

Golf is a popular with both recreational as well as professional players around the world. It is played by people of all age groups and whether you are a teenager or a middle-aged person, you can always try playing golf. The key to success in any game is practice and patience. With regular practice, you can improve your game tremendously. While intermediate and expert players might not find it difficult to play golf, beginners face some problems.

Christopher Harney, a professional golfer, offers tips to novice golfers so that they can improve their game. Chris loves this game and is known for being the 1981 National Power Hitting Champion. He has been associated with the PGA of America, the Massachusetts Golf Association, and the United States Golf Association. During his years spent in Osaka, Japan, hosted and developed a series of 13 corporate golf television shows which were quite a hit with the audience. Here is what Christopher Harney suggests to budding golfers:

Starting position requires you to position your body in a way that it is parallel with the target line,

Balance is very important and to maintain balance, feet should be at least shoulder width apart. For a taller person, stance should be a bit wider.

Next step is to know where to keep the golf ball. It should be in line with the club that is being used. While using shorter irons, put the ball in the center of your stance. With drivers, woods, and long irons, the ball should be placed at the front of your heel.

While swinging, bend your knees slightly, and remember to keep your spine straight.

Also keep in mind that the swing should be smooth.

Christopher Harney suggests following these simple tips to see improvement in your game.
