Top 5 Essential Motorhome Accessories by Alex

Article published on December 15th 2011 | Customer Service

Itâ€™s easy to see why an increasing number of people in the UK are opting to purchase a motorhome or caravan for their family holidays. Not only do you get to enjoy the ease of travelling at your own pace, but also have the opportunity to explore the great outdoors in comfortable accommodation. Whether youâ€™ve already purchased your motorhome and need advice regarding necessary essentials or are considering buying a motorhome, these useful tips will help guide you in the buying process.

1. To shield your family from the summer sun and have a comfortable outdoor area in which to eat and relax, awnings are used. These come in two forms â€“ a basic, canopy like structure to provide some shade, or a tent offering more privacy. When choosing your motorhome awning, remember to take material and durability into account and opt for a product that suits you and your familyâ€™s needs.

2. In order to keep the kids happy and entertain the adults in the evening, donâ€™t forget to pack a selection of games and outdoor activities. Here are some suggestions of what to bring:

â€¢ Frisbee

â€¢ Badminton set

â€¢ Board games

â€¢ Fishing rod

â€¢ Deck of cards

Remember to avoid anything with small pieces, as they might get lost and do your research on the area where youâ€™re going so that youâ€™re well equipped with activities that complement the natural setting.

3. Proper sanitation and hygiene is a must for your caravan. Many caravans have cassette toilets, which need chemicals to break down the waste and keep your caravan clean and germ-free. There is a choice of three additives, depending on whether you would prefer a pleasant fragrance, ease of use, or chemicals that are environmentally friendly.

4. As with normal vehicles, motorhomes are subject to wear and tear during long trips. Itâ€™s advisable to keep a toolkit (even one with the bare minimum) handy, so that you have the wherewithal to tighten nuts and bolts if need be. A few essential tools to keep on your motorhome are:

â€¢ Flat and crosshead screwdrivers

â€¢ Spanner

â€¢ Pliers

â€¢ Torch (+ batteries)

â€¢ Fuses

â€¢ Sharp knife

Bonus tip: In terms of safety, itâ€™s also essential to have a first aid kit and fire extinguisher on board!

5. Last but certainly not least, donâ€™t forget to insure your motorhome before taking it out on the road. Think of your motorhome as any other vehicle that requires proper insurance in order to be legally and safely driven. Not only is motorhome insurance required, but it also covers you in case of accidents like fire or theft. Upon purchasing your motorhome insurance, make sure that youâ€™re getting the most comprehensive and well-tailored policy for what you need.
