It is no longer a clean and hygienic world that we live in. Whether it is the air we breathe or the water we drink or just the place, i.e. our home we live or the place we work, it is pollution that has created havoc on our lives. Thanks to the pioneering efforts of manufacturers like Eureka Forbes. This company has striven towards making the world a healthy place to live in. Eureka Forbes started operations in the year 1982. It has lived up to its motto of being â€˜friends for lifeâ€™, delivering innovative solutions. The product portfolio developed includes water purifiers, vacuum cleaners, air purification systems, security products, and the recently added solar lighting, a green initiative. To have a look at the complete range of Eureka Forbes products, visit eurekaforbes.com. Here, you can also read about the company, technology incorporated, global certifications, etc.

If you visit eurekaforbes.com, you will come across a pop-up that will navigate you to the new venture started by Eureka Forbes in association with NASEOH (National Society for Equal Opportunities for the Handicapped). It is on the occasion of the completion of 30 years that the company has started this social initiative. The venture is EuroAble, a modern call centre manned and operated by people with special needs. In todayâ€™s society, there are many differently-abled people who do not enjoy equal status in the society. Eureka Forbes has started this unique endeavour to give them equal place by offering them jobs. â€˜EuroAbleâ€™ happens to be the first state-o the-art call centre in India that is manned and operated by the differently-abled. The call centre is spread over an area of 5000 square feet at NASEOH in Chembur, Mumbai. The facility has 90 work stations, including 10 exclusively for people in wheelchairs. Visit eurekaforbes.com to know more about EuroAble or visit the EuroAble corporate site.

It is a must today to have a vacuum cleaner, a water purifier, and an air purification system at home so that your home interiors are dust-free, the water you drink is safe, and the air you breathe is pure.
