Introducing the new Rejuvenite "Pillows for the Body" latex mattress toppers from Latex International. These 3" blended Talatech brand latex mattress toppers feature resilient Talalay latex comfort layers in both plush (ILD 19) and firm (ILD 28) feels. They are wrapped in an elegant circular knit ticking consisting of cotton, polyester and spandex.

These latex mattress toppers provide both pressure relief and temperature regulation. Pillows for the Body guarantee exceptional, long lasting comfort and conforming body support without quilt materials, barriers and body impressions that tend to affect feel.

Luxurious and more resilient than traditional mattress toppers, Pillows for the Body provide:

Superior pressure relief, to alleviate pinches and pains

Unmatched breathability, creating a cooler sleep surface

Hypoallergenic and dust mite resistant, to help protect against allergies

5 Year Non-Prorated Warranty

Price Disclaimer - Although we strive to offer the lowest prices possible on Rejuvenite products, we cannot guarantee to have the lowest prices online. We can guarantee that we will be around if you have any service issues. With so many companies going out of business these days, it's nice to have some peace of mind.
