Managing Transportation to and from Heathrow by Jocasta Marvin

Article published on June 25th 2012 | Travel

Among the worldâ€™s busiest and largest airports in terms of total passenger traffic, London Heathrow airport stands on the third place. It has five terminals and witnesses more than 69 million passengers each year passing through its gates. The airport is equipped with state-of-the-art facilities and amenities which are most advanced and incomparable. The London Heathrow airport offers highly convenient travel facilities which cover all the requirements of solo, business class, corporate class, families and disabled travelers. Due to these superb attributes, the London Heathrow airport has always been the foremost choice of people aiming for London as their destination. Majority of the airlines also prefer landing at Heathrow airport than other airports of London due to the hi-tech facilities and services offered by the UKâ€™s largest airport.

Airport Transfers

Managing transportation to and from Heathrow is easier than any other airport because it UKâ€™s biggest airport and the ground transportation companies from all over the country offer 24/7 dedicated transfer services to the airport. The airport has its exclusive train service and a rail station. The Heathrow Express trains depart from Heathrow to Central London at frequent intervals of just 15 minutes. The buses and coaches also depart from the Airportâ€™s Central Bus Stations situated on all terminals to all major locations including cities, towns and villages across the country. London Heathrow is also the main hub for British Airways. Aside from this, the other airport transfer services operating at the Heathrow include:

Car Hire Service

It is a usual trend that people who travel to new locations usually hire cars after arriving at the airport or their destination. The cars can be hired from local transportation firms, car rental companies, hotels and airports. The London Heathrow has made it easier and convenient for its passengers to hire cars when they arrive in London. The airport has made the booking offices of all the Londonâ€™s renowned car hire companies available at the main terminal building. These car hire companies include Europcar, National, Alamo, Season Car Hire, Hertz, Budget, Enterprise, Sixt and Avis. They offer a complete range of cars and special packages from highly affordable to luxury.

Airport Cab Services

Hiring a cab for getting to your private residence, hotel or any other place requires you to pay high fares as the airport cabs charge more than usual taxis. In this regard, the London Heathrow airport has a wide range of airport cab companies offering superior class dedicated transfer services 24/7 from airport to all locations across the city. The cab companies at Heathrow airport include some of the UKâ€™s renowned names such as CrossCab which is one of the oldest and reputed cab companies of the country.

Online Taxi Booking

Getting your taxi booked online is easier and more convenient than anything else. Online taxi booking not only frees you from the hassle of carrying your luggage and finding a taxi at the airport but also saves your time and money. CrossCab is one of the leading online taxi booking firms of UK. They have been providing taxi services at the Heathrow airport since 2007. The company has announced special discounted transfers on all advanced bookings for services during London Olympics 2012.
