Tips for Keeping Money Safe While Travelling by Samwalker

Article published on May 28th 2012 | Aviation

Whether one is on a business tour or has booked cheap airline tickets to relish a pleasant family vacation, financial safety is something that stays a priority of all! Staying secure after booking airline tickets demands planning and a pinch of common sense. The article below states some excellent tips to be followed by the travellers booking air tickets from UK and heading to an overseas destination with loads of green stuff in their wallet!

Flaunt Your Richness at the Right Place

Flaunting your glittering valuables and stuffed wallet at a high-class party might get you some attention but at a local marketplace, it just acts like an open invitation to thieves and pickpockets. Travellers booking air tickets to fly overseas should carry small amount of money while touring the place and should keep hard-to-replace goods in their hotel safe only.

Do Not Keep All Cash at One Place

Travellers booking air tickets from UK to their desired holiday destination must split their cash or valuables and keep them at different places. This helps them at the time of robberies and saves them from running out of money at an unknown destination.

Be Smart, Use Credit Cards

Credit cards not only help travellers in netting the best rates for currency exchange, but are also easy to carry around and maintain. The chances of retrieving stolen money are less but a stolen credit card can easily be blocked by calling the Credit Card Company.

Look for Conversion Rates

It is highly important to use a fair money exchange centres like banks, post offices, or hotels to convert currency. Travellers booking airline tickets must also enquire about the exchange rates in advance to shun any sort of puzzlement at the currency exchange counter. Usage of money exchange centres located at the airports is recommended.

Stay Alert While Using Public Transport

Though public transportation stays on the preference-list of the travellers taking cheap flights tickets from UK or from any other destination, they are also the ground for maximum number of thefts and robberies cases. Travellers must maintain safety while hopping on any public transport. While hiring taxis, travellers must negotiate over the fares beforehand to avoid paying extra fare. Shelling out more on things like these can, in effect, negate all the effort you put in netting cheap flights tickets from UK.

Look for Decent Accommodation Option

Though budget travellers booking cheap airline tickets prefer a low cost accommodation option, it might not be a good choice in terms of security. While reserving any hotel, one must enquire about its past records and should check its security and location. A hotel located close to the city is considered safer than the one at bay from the local crowd.
