Article published on June 19th 2012 | Business

Campervans and motorhomes offer a great solution for people who want to tour lots of different places and move around as and when they like. Campervan hire and motorhome hire can be booked for UK or European trips and there are lots of different vehicles to choose from to meet different peopleâ€™s requirements. Campervan hire and motorhome hire has become increasingly popular in recent years. This is down to a number of factors. The recession and hard economic climate has meant people are looking for cheaper holiday alternatives and motorhome hire offers this. Also many people can no longer afford or want to bother with foreign travel due to the frequent delays, high cost of air travel and insurance and stress involved with planning a trip abroad.

Campervan hire tends to include at least one fixed bed, an en-suit shower room, toilet, oven and grill, fridge/freezer, hob, gas bottle and space sealed gas bottle. Many campervan hire rental companies will also offer a number of extras such as blown air central heating, TV and DVD player, camping table and chairs, fly screens, bike rack, crockery and cutlery, wind out awning and a cab radio. Campervan hire is well suited to singles, couples, families and groups of friends looking for a fun and exciting way to travel. Choosing motorhome hire means you have the beauty to stay in places for as long as you like and travel to many different places during your stay.

Campervan hire rental companies will have a number of different campervans available to hire and these will accommodate different numbers of people. During the peak summer monthâ€™s campervan hire can be booked up well in advance so you will need to book early to avoid disappointment. The cost of motorhome hire will depend on the size of the motorhome, the time of year you want to book and the duration of your rental. Campervan hire can range from basic to very luxurious models and the one you choose will depend on your budget.
