Article published on January 23rd 2012 | Business

Case interviews are principally used management consultancies. A case interview could be a job interview within which the applicant is given an issue, situation, drawback or challenge and asked to resolve it using a structured approach. The case drawback is commonly a business state of affairs or a business case that the interviewer has worked on in real life. The objective of the case interview is to measure the candidate attitude towards work and how does he or she think towards a specific problem. Even though you may feel anxious, worried and tense, the main thing is to calm down and be confident in case interview. Typically, the case interview may be terribly interactive; where you look for clarification and bounce concepts off your interviewer.

If you want to work in a management consulting firm, you will thus have to pass several though management consulting interviews. It is a manner in which an interviewer will gather specified knowledge on the candidate who sits in front of them. So, if you can come back up with the answers that interest a recruiter, then you might have the probability to get hired. One smart quality that a management consultant ought to have is leadership capability.

The skills necessary to successfully perform on an interview case study are the similar skills required for a management consultant. Management consulting specialists are required to know the essential ideas in business like market structure, financials and risk. A management consultantâ€™s daily job primarily consists of real-life case studies, that case study exercise provides the hiring committee an energetic assessment of how well the candidate performs in core firm activities.

It is not easy to get a job in a management consulting firm. So preparation and â€œhome workâ€• is definitely required to pass through the management consulting case interview. There are lots of interview case study materials available on the internet at different websites. These websites provide the interview case study where you can read or post your question and can read the answers from worldâ€™s most prestigious management consultants. The more exposure that you have to the different types of questions and cases offered, the more prepared you will feel going into your interview. These websites will also provide you consulting interview questions and answers that you can use to increase your chances of getting hired by top management consulting firms.
