Window Tinting Options with Superior Experience by [Rick Sullivan](#)

Article published on August 16th 2012 | [Business](#)

When was the last time you thought about window tinting? Maybe it was to get that perfect look for your new vehicle. Maybe you thought about it for security and the ability to block people from seeing in your car. Or just maybe it was on one of the average hot and sunny Arizona days. Have you ever opened up your car door on a hot Scottsdale day and sat down? Ouch! Internal car temperatures can reach 120 degrees on one of our normally sunny days.

Aftermarket tinting may be just the solution you need to protect your car from damage and your family from unnecessary temperatures. Window tinting can reduce the internal heating of a vehicle by as much as 70%. What a difference! Tinting with 3M technology also offers 99% rejection of and protection from the dangerous UV rays of the sun.

Here at Cactus Window Tint, we offer a wide range of window tinting options. After all, tinting is not only for vehicles! We offer automotive, residential and commercial tinting.

Our window film options include anti-graffiti, paint protection, non-reflective, dual-reflective, decorative, ceramic and even clear window films. Our experts can help guide you to the perfect tint for your needs. We are experienced in 3M technology and SunTek window films. Whether you want tinting for the windows of your home for energy conservation or maximum UV protection for your family or an entire facelift for your corporate building, our experience can provide you with the quality results you would expect from a player in the Scottsdale tinting market for over 20 years.

With Cactus Window Tint, you have the advantage of 18 years of experience in the field. We are committed to one thing and one thing only: tinting. This means when you bring your job to us, you're getting our undivided expertise. Our commitment to quality installation, attention to detail and superior customer service are the cornerstone of our success. We work with the two best window film manufacturers in the world. Our experience in the Scottsdale window tinting market means you are getting a business that is fully insured and knowledgeable about factory warranties, installation guidelines for the area and those important trade secrets.

How can you find us? Check out our website at cactustint.com. Look through our gallery featuring some of our many automotive, commercial or residential finished products. Read about the various features of 3M or SunTek technology on our website and follow up with some of the most frequently asked questions and issues people experience with tinting. Hit us up on Twitter or follow us on LinkedIn or Facebook. Our showroom and oversized display boards allow our automotive customers to examine exactly what we have to offer alongside our expert guidance. We can provide in-store expertise or a free survey to address your needs. Our policy is there is no such thing as a small job!
