Korean Diablo 3 Players' Claim Arouses Disputes by Myabc

Article published on July 9th 2012 | Computer

ã€€ã€€Recently, a lot of Korean players expressed strong dissatisfaction with Chinese players in Korean official website of Diablo 3. Some Korean players require Blizzard Entertainment to cut off China's IP logging into the game. What is more, some Korean players began to abuse Chinese players.

ã€€ã€€There are rumors spreading quickly among the Korean game players. It is China's IP logging into the Korean Diablo 3 that gives rise to the logging obstacles of Asian server of Diablo 3 and nonperiodic inspection of the server.

ã€€ã€€A lot of Chinese players show great concern about the latest news regarding to the game before the launch of Diablo 3 in China. Some players even buy the server of Taiwan in order to experience the game.Therefore, the players of the mainland and Taiwan area and Korean game players can have the access to experience the game with the Asia server.

ã€€ã€€A lot of posts in official website of Diablo 3 for banning China's IP logging into the game make Chinese game players very angry. The Korean game players intended to prohibit the players of China mainland from playing the game. However, in their mind, the Korean game players do not allow them to experience the game.

ã€€ã€€Some players in Taiwan area expressed their antipathy against the Korean game players before the sale of Diablo 3, which is the reason why Blizzard Entrainment greatly favor the Korean players. Some players said that it is really difficult to understand that why South Korea represents the Asian countries.

ã€€ã€€As for the claims of Korean game players, the Taiwan players express their strong protest in the official website.

ã€€ã€€Players in Taiwan area wrote in their post that the Blizzard should reduce the number of Korean servers, increase the number of Tai server and they want to have a PVP duel with South Korean players.
