PJ Mechanical Has Received LEED Silver and Gold Certifications for Its Energy Efficient Projects by [Semter French](#)

Article published on February 27th 2012 | [Customer Service](#)

PJ Mechanical deals in the installation of air conditioning systems and high quality heating systems for major projects such as high-rise office towers, corporate complexes, data rooms, trading floors, sports stadiums, hospitals, and other institutional structures. The company also installs sophisticated control systems to automate high quality energy efficient HVAC systems. The New York Times Building, the Bank of America Tower, Lincoln Center, Yankee Stadium, and Citi Field are some of the major projects that the company has done during the last 40 years. The firm follows LEED (Leadership in Energy and Environmental Design) certified guidelines in many of its projects which incorporates innovations in energy-efficient technologies.

With the acute awareness of global energy limits, PJ Mechanical has moved to the forefront in both designing and engineering Green projects. The company has done many green projects such as Gotham Center project, Bank of America Corporation office tower, Citigroup Inc., WNYC, and Yankee Stadium. It has also received LEED Silver Certification and Gold Certification for its energy efficient green projects. The company also provides a huge range of extensive maintenance services to their clients. The firm has over 1000 service accounts located across the New York City.

Founded in 1971, PJ Mechanical also participates in various charity events and programs. It contributes in monetary donations to many charitable foundations such as Bone Marrow Foundation, Juvenile Diabetes Research Foundation International, Diabetes Research Institute Foundation, National Multiple Sclerosis Society, Albert Einstein College of Medicine, The Feinstein Institute for Medical Research, United Cerebral Palsy, Catholic Youth Organization, the Boy Scouts of America, the New York Institute of Technology, Renaissance Scholarship Fund, Natural Resources Defense Council, Habitat for Humanity International, and The Metropolitan Museum of Art. For its outstanding contribution it has received a certificate of appreciation from the Summit Children's Residence Center.
