Cherishable new seven wonders by Wendy Williams

Article published on January 13th 2012 | Destinations

Wonders of the world the term itself depicts the man made architectural excellence. They are basically those manmade creations which were built ages ago and showcase the intelligence and vastness of human mind. In the middle ages a list was compiled and was known as the ancient wonders of the world. But with due course of time people came up with new wonders hence New Seven Wonders of the World is a project that had been performed to update the Seven Wonders of the World. It was a popularity poll conducted by the Canadian Swiss Bernard Weber. & wonders of the wonders are listed below:

Chichen Itza is the religious center which is ranked among the most important of Maya culture; the main magnetism is the central pyramid a square shaped, stepped pyramid this approximately 75 feet tall.

The second new seven wonders of the world are the Christ the Redeemer in Brazil. It is located at the top of Corcovado Mountain. The monument is 38 meters in height and there is a small chapel at its base. The reason for building this beautiful monument was to signify that Christ loves all. Christ the Redeemer is one of the tourist attractions that every year attracts to more and more visitors.

The third new seven wonder of the world is the Great Wall of China. It is the most famous structures of the world as it can be seen from moon. The wall is also included in the list of â€œancient wonders of the worldâ€•.

Machu Picchu is also one of the new seven wonders. It is the most famous citadel of the Incas. It is the most beautiful Inca city and the main archeological site of America. It is placed about 2438 meters above sea level.

The fifth Seven Wonders of the World is Petra in Jordan. Petra has more than 800 individual monuments including buildings, tombs, baths, funeral corridors, temples, arched income and adjacent streets. In fact it is the one of the greatest wonders worked by nature and man.

Roman Colosseum is another remarkable construction by Roman architecture and roman engineering. It is an elliptical amphitheatre which is among the new Seven Wonders of the World.

Now last but not the least Taj Mahal India is also one of the Seven Wonders of the World. It was built by the Mugal Emperor Shah Jahan in the remembrance of his beloved wife. This monument reflects immense love and is also known as epitome of love.
