South Africa is one of the bigger countries in the vast continent of Africa. It offers three main safaris which are privately operated.

### Kariega Safari

The Kariega private game reserve is one of the South Africa safaris that holiday makers like to visit. This is a family owned games park which offers many amazing close up views of lions, rhinos, elephants, leopards, buffalos, hippos, zebras, hyenas, elands, giraffes, kudus, waterbucks and wildebeests.

These animals can be viewed in comfort and safely from hardy 4x4 Landcruisers. These animals are wild and roam freely on a vast space of 9000 hectares of private land. It is located on a vast pristine wilderness located in the Eastern Cape of South Africa. This game reserve is especially popular as it is well maintained. The Kariega game reserve is like a huge private zoo.

Besides the definite showing of wildlife in its natural habitat, the Kariega game reserve also offers dramatic vistas of the land; this includes idyllic beaches, vast green plains, lush forests, serene lakes and lagoons.

### Pumba safari

The Pumba Private Game Reserve is another of the fantastic safari in South Africa which offers a malaria-free environment for viewing some great wildlife. The Pumba safari offers a luxurious safari holiday with its 5-star accommodations that are of world class standards.

One can view many wildlife and flora with totally comfortable and enchanting lodges with great gourmet at every meal. There is the privilege of enjoying the natural beauty in the safari or in the accommodation. The Pumba game reserve is the third largest safari on this African continent.

It is also privately owned.

### Shamwari safari

The Shamwari Private Game Reserve can be found in the malaria free Eastern Cape in South Africa. One of the outstanding notes of the Shamwari game reserve is that it is renowned for the many international awards for maintaining the conservation and excellent running of a game reserve.

Shamwari game reserve conserves the wildlife to prevent their extinction. It allows the numerous species the freedom to roam and prey without human interference. The well operated game reserve allows one man's dream to be fulfilled with many sharing its passion and success.

The Shamwari game reserve is a pioneer safari with a long history of wildlife and flora preservation. Its 25 000 hectares of reserve land boasts of 5 types of eco-systems that support various forms of flora, fauna and bird species.
