But, how can one forget the vast continent of Africa? The land of jungles and deserts can also bring enough visual pleasure once travelled. There are some amazingly beautiful destinations within Africa. One such location is Victoria Falls.

Victoria Falls is one of the most amazing waterfalls within South Africa. It is located within Zambia and Zimbabwe, on the river Zambezi. The height of this fall is 355 ft. It has an average water flow rate of around 1088 mÂ³/s.

Victoria Falls holidays are extremely popular. To reach this amazing waterfall, one needs to head towards Livingstone. It is an ancient city that is situated within the southern side of Zambia.
