And then this friend of me asked me to get in touch with B C S Debt Collection services. I am eager to write about the result before I go into the whole process of how that came to be! Well, you will be astonished to know that I was able to completely recover my dues in three days flat! And believe me this is no exaggeration!

Now I can tell you what transpired. B C S Debt Collection Services have an office for Debt Collection Recovery in Adelaide too. When they heard my story and saw all the documents that authenticated my claim, they took up my case. I had been a bit worried and apprehensive about their ability to recover this debt. I hesitated because I feared they would take an advance and not do the job and I would be left with another bad debt. But B C S Debt Collection Services scored at all counts. Firstly they did not ask for an advance or even a starting fee. They said that they would claim a fee only if they did their job! In case they were not able to recover the amount from my client, they would not take any fees from me. That really stumped me and I wondered how they were able to cope with no fees but the plush offices told a different story. A story of success! I looked like they knew their job!

In three days from the time they took my case, their office of Debt Collection Recovery, Adelaide did the job. They called up to say that the check for the due amount was in their hands. As soon as it was encashed, they deducted their fee, which is small percent of the amount and credited my account with the balance. I cannot believe my luck and I can't thank B C S Debt Collection Services and their office of Debt Collection Recovery, Adelaide, enough. Now I don't have to worry about bad debts at all.
