Bejeweled Blitz Type Games by [KevonPole](#)

Article published on May 19th 2012 | [Games](#)

Match-three puzzle games have been popular for over 10 years since the original Bejeweled game was released. They are among the most widely played games on mobile phones especially as the game is conveniently short and fun to play. There are a variety of puzzle games available on internet and you can easily download them and start playing. Free match 3 games is a great source of entertainment when you have nothing to do on a dull boring day or if you need a short break during your working day. Bejeweled is one of the most popular puzzle games and has spawned a huge range of free match 3 games online.

There are many of Free Match 3 Games, out there and here are some of the best listed below.

ChronoSgear:

This is a match 3 puzzle game where you have to defeat the enemies, you can even choose to run away and come back at another point.

Castlevania Puzzle: Encore of the Night:

This is also among the widely played match 3 games, famous for its™ connection to the classic Castlevania series and was brought to both the iPad and iPhone. Match 3 games are perfect for smartphones.

SteamBalls:

This is a very challenging game compared to other free match 3 games. In this game three balls need to be match horizontally by considering various other factors that brings a unique twist in the game. The graphics are styled with steampunk theme, which is quite different from the usual kind of games that use jewels or blocks for their graphics.

Apart from these games there are other free match three games available on iPhone, iPad, other smartphones and of course online. These games can entertain you throughout the day with their simple game mechanics and short play time. However free match three games online are very popular for many people as they can be played on any PC that supports flash, and there are several popular ones on Facebook including the amazing Bejeweled Blitz.

Downloading Free Match 3 Games Online is also very easy, you just need to open up one of the many download sites™ and pick your game. Usually you™ find that these download versions contain more advanced features than online versions, but essentially they are basically the same kind of match 3 games that you know and love.
