Best Leveling Quests to Complete in Guild Wars 2 by [Lyman G. Nicholson](#)

Article published on July 18th 2012 | [Games](#)

It can be difficult to stay comfortably leveled up in Guild Wars 2. Your quest for leveling guide at an end. In this article, you will find the run-down on the best way to get your character leveled quickly and avoid being chronically under-leveled.

For gamers looking to level with story-oriented gameplay, guild wars 2 leveling guide expertise from <http://www.guildwars2levelingguide.net/> recommends event chains. Unlike "hearts" events, which you can only complete once, dynamic event chains can be completed over and over for a reliable amount of experience points. Some are quick to complete and quick to "cool down," meaning you are able to do the quest again sooner. Some have longer cool down times but will yield more XP.

The "The Battle for Northeast Kessex Hills" event chain, beginning at level 16 and ending at level 18, is one of the quicker, easier events to complete in Guild Wars 2 guide, which can be seen at <http://www.guildwars2levelingguide.net/leveling-guides/guild-wars-2-guide-to-the-combat-system/>. The 4-part chain mostly involves defeating waves of centaur invaders including Tamini Archers and Warriors. Each set of waves is easy to plow through and will rake in a decent chunk of XP. The total event chain will earn you around 2,000 XP every time you complete it.

"Secrets in the Swamp," which takes place in Godslost Swamp in Queensdale, is a 5-part event chain that takes a little longer to complete and has a longer cool down. However, like the Kessex Hills event chain, beating back large waves of enemies provides an excellent opportunity for XP collecting. It begins at level 8, carries through to level 14 on independent events, and the final two events are group events. All of the events involve driving back waves of enemies. The real bonus, however, is the boss. At the end of the chain is a level 15 boss, Shadow Behemoth. Shadow Behemoth alone yields 501 XP and 86 karma for your efforts.

For quick leveling, especially at higher levels, our guild wars 2 guide(<http://www.guildwars2guide.org/>) team recommends simple exploring. Discovering waypoints, areas of interest and new towns will earn you far more XP for your time than killing enemies. Delving into mining and gathering will also earn you decent amounts of XP.

For players with a special place in their heart for PVP, participating in World versus World matches is another excellent way to level up if you focus on destroying towns and castles.
