The development of the DR's Key Contact, your expert face massager started back in 1992 by a qualified physician, in South South korea. There has been many prizes

that has been known for this amazing item yet another successful and popular symbol for DR's Key. Awards are as follows:

- * Trademarked item in South korea and United States
- * Granted for Conformity with Western wellness, protection and ecological protection signing up,
- * ROHS which is Conformity to "design for the environment",
- * Excellent Style Award
- * Excellent Commercial Design
- * Venture Style Prize

The DR's Key Professional Facial Massager includes 5 Healing Functions and namely:

1.3D Vertifical Vibration

The 3D shake is more powerful and more effective than the hand rub performed by the specialist. It allows to remove toxic ingredients and relax your muscles through the pleasure of movement around your epidermis cells.

2.Iontophoresis

Through the of negative and positive ions which increases the transmission of skin care ingredients up to 400%.

3.Attractive Treatments

Magnetic therapy which increases movement and revitalizes epidermis through treatments of 2 neodymium heat.

4.Shade Treatments

Touch is designed to launch red and red color energy. The red colorization lighting trend promotes movement and increases epidermis regrowth. Blue color lighting trend

allows rests and reduces epidermis swelling.

5.Sound Therapy

This increases the efficiency of the skin care through the stroking shake of songs. You can connect DR's Key Contact into any songs or MP3 player.

It comes with 5 ways available and they are Cleansing, Eye location, Facial, Raising and Vitamin C function.

The titanium Ion Head is safe for all epidermis tones and will not cause any sensitivity to delicate epidermis.

Many face massager are over the counter available in the markets and comes with different features and costs. Do your research on the items before you jump in making a

choice. Apart from the element of price which may be one of the major factors of consideration, consider the protection aspects in guaranteeing items are complied with

protection requirements. If you are looking for an established face massager to effectively performs for your epidermis and drastically improve your epidermis skin, you might

want to consider a item that has been known and awarded for its success and results to give you a comfort.

This portable system is not only your expert face massager, do you know that our Dr Key Contact offers a songs therapy? Do know that songs is not only a form of

therapy for people, it has also been examined on animals? Enjoying Mozart songs, the cattle produce more use items. With songs, the plants will grow faster and are

more powerful and more level of resistance. When cattle and flock are revealed to songs, there is an significant increase in the of use items and egg.

How does that performs on our skin? Our body includes 70% of water and 90% of our movement system is made up of water. An excellent songs changes the deposits of

the water in our bodies to boost our wellness and our skin. When using DR's Key Contact which is your expert face massager for your face treatment, use the songs

therapy which increases the volume of water giving you more wetness and you will feel your epidermis more soft with increased use. Read the message from Water by

Emoto Masaru. Experience a younger and glowing epidermis skin through this amazing portable medical system.
