Article published on May 12th 2012 | Health

Chronic Bronchitis is a condition that makes difficult for the people to manage tasks that are easily completed by a healthy person. Due to this condition, patients feel bad about themselves; however good news for these people is that they can minimize the impact of this chronic disease. The best way to reduce the impact of this condition is the usage of LifeChoice oxygen concentrators. This can increase the oxygen intake of the patients with chronic bronchitis in such a way that they can lead a healthier and happier life.

Even though, there are different models of oxygen concentrators, LifeChoice Portable oxygen concentrator is preferred by most of the people since this machine has the ability to supply oxygen to the patients when they are on the move. Even though the device is portable, it is highly powerful and irrespective of the job in which the user is engaged the concentrator can supply sufficient oxygen that can enable them to stay healthy and comfortable. Above all, these concentrators are highly dependable and they offer flexible operation as well.

LifeChoice Concentrators are offered with several features like more than five hours of battery life in such a way that patients can use it with just a single charge of the battery, quiet operation, lesser than 5 lbs in weight, easiness to operate, exclusive technology with sleep mode in such a way that it can be used both in daytime and during night times. The five hours battery is applicable to the external battery offered with the machine, while the internal battery can last up to two hours. The LifeChoice Portable Oxygen machines are FAA approved and they are offered with custom carrying case so that users can carry it as a back pack. These concentrators are approved for carrying in cruise ships, buses, trains and planes in such a way that patients with chronic bronchitis problem can easily carry them wherever they go.

Accessories like AC power supply, DC power supply, custom carrying case and external battery are offered with this concentrator and the manufacturers announces special discounts and special offers frequently and the concentrator can be purchased by patients at the comfort of their home. These oxygen concentrators are being offered through authorized websites and purchasing them from a reliable source can relive the purchasers of any future problems due to duplicate concentrators.

The LifeChoice oxygen concentrator is now available for public with sleep mode technology. Even Portable Oxygen machines are approved to use forplanes, trains, buses, and cruise ships also. To know more details about SeQual Eclipse and Eclipse Portable Oxygen.
