We at alpha home interior, UAE, treat home decoration and dressing the window just like infusing lifeblood in a body.

The care and comfort we plan to give your windows and doors a heavenly look is something you will ever cherish. Your dream home must have dream windows that should be soothing and a delight to the visitors and the inmates. This is a job alpha home people are specialized in.

Alpha home has the best panel tracks in UAE, Dubai. Our window covering experts take in the whole ambience of your home and the windows and choose the best mode in which every nuance is pronounced. As each one could be custom made to your liking, each window, each home will have your signature.

Alpha believes that decorating your lovely home must be done in such a way that your home merges with the surroundings and interior ambience like the colors of rainbow--each one into the other and yet different. Alpha home's offer of its own signature series of high-quality bass wood plantation shutters in composite wood and PVC vinyl is something you will find irresistible.

Whether it is the best wooden shades or roller shades or wood blinds or Roman shades, you will find everything in affordable rates at alpha. This is a solemn promise, vouchsafed by thousands of contented homes. We have a team whose expertise in this sphere is unrivaled. But all this, again, does not mean expensive. Believe it: the best things in life are not expensive.

For those radicals among you who want to make your windows or home look daring, alpha home has its rich repertoire of designs, clothes, colours and blinds. There is also unconventional cellular shade, solar shade, mini shade, skylight shade, arches and shapes. It's indeed a mini world of home dÃ©cor and window treating in the whole of UAE and Dubai.

Safety is however, another matter many tend to forget. Window panes and window blinds must be safe too, especially for children. For instance, window experts say you should use only the cordless window products in children's bedrooms and play areas. According to child-safety experts, the typical focal points for decorating a child's room -- windows, cribs and bedding -- also hold the greatest potential danger to a child's safety.

We have the spread and the reach across UAE and Dubai where home dÃ©cor works are undertaken and executed within the deadline you set for us. The exhaustive array of colours and shades available with alpha home is rarely found elsewhere. Though windows are our special focus we also do flooring and wall covering all over the United Arab Emirates. In fact alpha is an experience you will never want to forget. Everything for everyone who believes in quality yet affordability, alpha home dÃ©cor, UAE, is the answer. Every purchase is marked and every customer becomes our lifelong friend. This helps to create our alpha home world.

Come and feel the difference. Once in, you go out with smile on your lips, for sure.
