Article published on February 24th 2012 | Home Improvement

The consumer durable products industry in India has seen a major uptrend. The momentum all started since the liberalization of the Indian economy. The market has turned highly competitive, now growing at 10-15 percent. Even in a competitive market scenario, Eureka Forbes is still ruling the roost for 30 years now, especially in the segment of water purifiers and vacuum cleaners not to mention air purification systems. It is not only the best of products innovatively designed and developed that are introduced in the market. Eureka Forbes has also maintained a track record of providing excellent customer care service and after sales service support. You will always find the Eureka Forbes customer care executives responding to your requests and complaints courteously and promptly. Visit www.eurekaforbes.com to read in detail about the companyâ€™s products including Eureka Forbes customer care support.

Brands and dealer outlets do always vie for the customerâ€™s attention. In such a scenario it is no surprise if you come across false promises and cheap products. You will only regret later ending up with going for frequent repairs or going for another buy. Quality performance cannot be guaranteed with such products. With Eureka Forbes products, you need not worry. This company is known for delivering quality and technology at their best. Read about technology incorporated and certifications received for the products at its corporate site www.eurekaforbes.com.

When we speak about customer care, it is all about reaching out to customers, attending their queries, meeting their order requests, and solving their complaints or providing service support. For getting new customers, many a company tries to reach maximum of them via advertising, product launches, outlet launches and exhibitions. Eureka Forbes hardly implements such steps. Yet the count of consumers is only increasing by the day. This market leader has over 30 million consumers with water purifiers alone constituting 8 million plus. Thanks to excellent Eureka Forbes customer care service support provided. 3988 3333 is the Eureka Forbes customer care number accessible round the clock. If you read reviews and blog posts about this company, you will come across appreciative feedback. You can also get in touch with Eureka Forbes customer care executives at www.eurekaforbes.com.

As aforesaid, Eureka Forbes is known for innovation exhibited in its series of products. The â€˜not invented hereâ€™ condition does not apply with this company. Groundbreaking technologies are introduced from time to time. For example, consider the Eureka Forbes RO system called AquaGuard Total Enhance. It is the only purifier of its kind in India. No wonder soon you will find other companies implementing similar technologies to attract consumer attention! Users of this Eureka Forbes RO system can save 30 percent of water which otherwise gets wasted. And when it comes to getting service support related to this Eureka Forbes RO green system, all you need to do is dial the Eureka Forbes customer care number. Read in detail about this purifier at www.eurekaforbes.com. You can explore more innovative and groundbreaking Eureka Forbes RO system series at www.eurekaforbes.com.
