All Vinyl Fabrics is your online vinyl fabric database and main resource for all things vinyl, all colors, all types, and all applications. If youâ€™re looking to reupholster items in your home, if youâ€™re looking f quality, high-grade marine vinyl fabric for your boat, or if you want to put an awning over your summer deck, visiting All Vinyl Fabrics online will be your gateway to making those changes.

Some people and some companies believe that vinyl fabric isnâ€™t as exciting or important as it actually isâ€"as we believe it is at All Vinyl Fabrics. Although vinyl isnâ€™t leather or some extremely expensive material, it is all about the quality and use as well. All Vinyl Fabrics provides its customers, gladly, with a huge range of options to cater to the unique tastes of every person. You may be a frequent boater, spending lots of time in the summer on your boat and on the waves, in the elements. You take good care of your boat and your marine upholstery. But if you are caught with bad vinyl, you may find yourself unavoidably with stains on your marine vinyl, or with holes and wear and tear in the vinyl. If you order from All Vinyl Fabrics, you know that youâ€™ll have the best quality marine vinyl that is stain resistant, and youâ€™ll have the time to put your attention onto expressing yourself via your marine vinyl upholstery. Thereâ€™s no reason why art and style should only belong in an art gallery or in the concert hall. Art and style are what make you you, and thus, they are applicable and important wherever you go. From choosing vinyl fabric to choosing what to eat for lunch to choosing your husband or wife, every choice we make is an expression and extension of ourselves. All Vinyl Fabrics understands this and promotes it for its customers. All Vinyl Fabrics covers the spectrum of vinyl fabric further, with the inclusion of its awning vinyl fabric, its clear vinyl, and animal skins vinyl. Faux leather vinyl fabric and other, custom vinyl options are found on All Vinyl Fabrics, too. All Vinyl Fabrics features one type of vinyl on a regular basis, and it gives the specifics of that vinyl so customers can educate themselves on the choices they want to make. Currently, the â€œCarolinaâ€• vinyl fabric is featured, as the subtle pebble grain, solid colored vinyl fabric, available in 27 preferred fabric contract colors. There are different sizings you can look at as well. Carolina vinyl can be best used in contract, hospitality, office, residential, and automotive upholsteries.

There are 10s, 20s, 30s of different colors and styles to choose from our marine grade vinyl, and our multitude of other vinyls. There are custom searches you can do as well, in case you are having a hard time finding the material you want.
