Loans by Text-includes a simple procedure to avail money by Stewart Isabel

Article published on January 28th 2012 | Loans

At times when a very small amount of money is being required by the individual at the time of urgency at that time they can go for these loans by text. In this you just require to have a mobile with you from which you can send the SMS to the lender in order to acquire the money to fulfill your desire. In this with just an SMS the amount demanded by you gets transferred to your account in a fraction of seconds. In this you can obtain money anytime as it does not include the waiting time like that of other schemes for availing the money.

It includes a very small amount up to Â£100 to Â£300 up to 15 days. It is very short term in nature with a simple option for repayment. After due date the amount get automatically transferred from the bank account of the borrower to the lender. It does not include any credit check .In spite of the bad credit record any person can apply for this .this helps in saving the time of the borrower which will be used in visiting the lenderâ€™s office and the internet. As all of us know the mobile phone has been proved to be the fastest means of communication so with the help of this you can send the message within the few seconds to avail the benefit of the fund from this scheme.

in order rot apply for it one has to fulfill certain guideline which includes he/she must be above 18 years old, must have a residences proof of UK ,must hold a valid bank account number as well as mobile number. In this facility a borrower should have an email address where the lender can corresponded with the borrower very easily. In this scheme the borrower has to get register his/her mobile number with the lender of his/her choice. In order to get registered a very simple form has to be filled by the individual in which will provide them a code which help them to deal with the lender. In this scheme one can get the money instantly as each ones application get the approval.

A simple procedure is being included for availing the benefit from Loans by Text by an individual. The name of the borrower is to be get registered with the lender by which a code is provide to them by which they can apply for the fund .Documents regarding your employment, salary and address of the residents are to be submitted while applying for it. While applying for the scheme the borrower has to type message with the code provide to him/her from your cell phones and after that without any tension they can get money with them.
