Big Tote Big Ideas! by [Thomas Sherwin](#)

Article published on December 6th 2011 | [Marketing](#)

One of the hottest items in the promotional product world right is the efficient and compact Big Tote Bag! This bag is sturdy, durable and is made from one of the finest quality materials. They come in 6 different colors, khaki, black, white, royal blue, dark green and red. The vast choice of colors is due to consumer demand, they wanted a color to match their outfit and we made tote bags in many different colors so you can decorate yourself in any color you want to match your big tote bag.

This big tote bag is popular towards most women and sometimes also men, because of it's usefulness to carry many items around in such a small compact bag. The big tote bag may look small but once you look inside, the bag is 13 inches by 15 inches, which is very large for a tote bag. Many women like to carry their big tote bag around when they go shopping because they can carry many different items with them at all times. When you go grocery shopping, instead of using plastic or paper bags, use your big tote bag to carry your food items and save the environment by not using plastic or paper bags!

Another ideal way to use this amazing and reliable tote bag is to use it as a carry bag for your books if you are going to school or you just want to carry your books around with you at all times. The big tote bag is made from very fine quality material and it is known for carrying very heavy items such as 5 textbooks. Another smart and convenient way to use this tote bag is to use it to carry it to the gym with you. Generic commercial gym bags can be too much of a hassle sometimes because most of them are just too big and uncomfortable. Bring this big tote bag with you to the gym and there will be no worries.

The bag is light, sturdy and can carry all of your gym items without a hassle. Just sling it over your shoulder before you go to the gym and carry it around you with all times and all your items will be safe and sound on your side at all times. This bag is a revolutionary step towards the commercial bag industry. Not only will this tote bag sell out quick in all stores but it will change the way people look at tote bags. This special big tote bag has many tricks up its sleeve. The uses of this bag is endless and fun.
