Article published on April 16th 2012 | Marketing

Leaflet distribution is one of the most effective and least costing marketing methods. Many companies have reaped high benefits from this marketing method. But the trick for any business owner lies in choosing proper leaflet distribution services. These services can decide the success rate of your campaign. DBS Limited has gained immense popularity for their leaflet distribution services in the recent past. Most marketers are using their services. But what makes them click over the rest of the lot? There are certain criteria that business owners should look out for when choosing a leaflet distribution service provider. Let us judge DBS limited on these criteria:

â€¢ Target Market: Whatever is the type of your business you will get good results from leaflet drops when target market is judiciously chosen. There is no point in sending the leaflets randomly. DBS Limited with their Profiling and Targeting services help the business owners identify their target market and confirm their distribution quantities. You can breakdown roads in your locality according to the delivery rounds. DBS Limited assigns specific field teams in the areas demarcated. With the help of this service business owners can visualize where their target customers live. DBS Limited looks through the profiles of customers in an area to come up with the results. The company offers geo-demographic and area targeting services.

â€¢ Professional Graphic Designers and Copywriters: Leaflets will represent your company to the recipients. It should look professional and trustworthy. This is where the graphic designers and copywriters play an important part. DBS Limited has a highly qualified team to help you all through the way. Their experts will make sure that the content and design are as per the marketing standards. There will be no room for sluggish designs or errors in content.

â€¢ High Quality Prints: Quality of prints also plays an important role in the success of leaflet drops. The leaflets should be attractive to look at. They should instigate the recipients to have a detailed read through the material. At DBS Limited you can choose among matt or gloss finishes. They will never compromise on the paper quality. Ordered items will be ready within 4-5 business days, fast tracking your leaflet marketing campaign. DBS Limited offers competitive pricing for their printing services.

â€¢ Options: There are various services for leaflet drops available at DBS Limited. Some of their services include Solus Distribution, Newshare Distribution, Shared Distribution and Royal Mail. Solus leaflet distribution service comprises of delivering leaflets with no other advertising material while Newshare delivery will be made alongside the local free newspapers that are read in the area. If there is no popular publication in the area then a combination of these two leaflet drops methods is taken up this is known as Shared distribution.

If you want a fully rounded leaflet distribution services then there can be no better place than DBS Limited. Have a look at testimonials of their happy clients and ask yourself â€œcan I miss this opportunity?â€• Best prices and best services is what you get at DBS Limited.
