Article published on January 20th 2012 | Mobile Phones

Packed with latest communication gizmos and designed smartly Blackberryâ€™s latest introduction in the market is the Blackberry Bold 9780. It is the first ever Blackberry smartphone that is powered by the Blackberryâ€™s latest operating system known as the Blackberry version 6. This new entrant has successfully registered its name in the list of executive phones. One can easily sense the competition that is going on between the HTC and the Blackberry.

This smartphone is ready to offer the all the sate of art features to its users. Black Berry Bold 9780 offers various kinds of connectivity features such as HSDPA, WIFI, Bluetooth, USB port, GPRS and EDGE. These connectivity features helps in quick access to data. Easy to use multimedia features also helps in utilizing all the multimedia features with ease. The sound quality is excellent. Browsing the web has is also easier through the easy to scroll features. This smart phone also enables capturing of images with much ease and clarity.

The Blackberry bold comes with a 624 MHz processor that was earlier used in the 9700 series. The looks are indeed attractive and classy. The body is made up of the gun metal that makes it quite strong and tough. The easy to use QWERTY key pad along with optical track-pad is something which users will find very convenient. The presence of these features makes the navigation easy. Also messaging is easier because the typing is has been made comfortable through the QWERTY keyboard.

The TFT display screen is amazingly kept simple and offers a resolution of 480x360 pixels. The handset is equipped with a wonderful 5 megapixels camera that has an inbuilt flash and auto focus feature. One can now easily capture images and take videos of high quality standard. It has a RAM of 512MB which is quite sufficient as the OS utilizes only 180MB for functioning. This model comes with a WI-Fi connectivity and Bluetooth version 2.1. One can access various connectivity options such as 3G, GPS and EDGE. This handset will be launched by T-mobile and Vodafone companies. Free talk time as well as internet facility are some of the additional features that will come along with the package.

Blackberry bold is not only packed with excellent features but also offers stunning looks. The Blackberry bold has been suitably priced in the range of Rs 19,999 to Rs 26,000. In this price range it is really difficult to find so many features in just one place. The 5 megapixels camera is an added advantage in this smart phone. Black berry is an icon of style and elegance and that is evident when one get to see the Blackberry bold 9780.
