Article published on March 26th 2012 | Mobile Phones

When you buy a prepaid card, what considerations will you take into account? You will certainly choose a card that lets you make cheap calls in India and overseas, one that comes with a wealth of phone recharge options, one that lets you socially connected via Facebook, Twitter, and related platforms, and more possibilities. Not every network operator constantly works towards providing value addition for its customers. And not every network operator innovates to offer value products and tariff propositions. You will come across phone recharge plans that are specifically designed for making cheap calls in India, both local and national. You will also find plans that are meant for international calling.

If you wish to talk non-stop not on a particular day but for days together, choose one of the plans that lets you make cheap calls in India always. When we speak about talking non-stop, enjoying cheap calls in India as part of dedicated plans, one of the few examples worth mentioning is the Kickstart 551 for Rs. 551. This plan, introduced specially for people who love to talk without worrying about the pocket, lets the user enjoy 1,20,000 seconds of calling to the same operator and 42,000 seconds of calling to other operators. It comes with a validity period of three months. Paying a lump sum denomination that which starts from Rs. 5, you get to enjoy several minutes or seconds of cheap calls in India. Another example worth mentioning is igain-550 available for Rs. 550. With this phone recharge plan, you enjoy 2000 local minutes to the same operator and 700 minutes to other operators for three months. igain-17 for Rs. 17 lets you enjoy 61200 local seconds to the same operator. This is worth the value as well. There are myriads of plans to choose from when it comes to making cheap calls in India for both local and STD circles.

Imagine running out of balance in the middle of a conversation. It is important for you to continue with the conversation. This is where mobile prepaid recharge comes into play. Yes, your phone recharge can happen online without having to visit a retail shop each and every time. So, no worries about exhaustion of balance! And then when you know that you need to talk for long, why not get a special phone recharge done in advance with a bigger denomination, one as aforementioned. You can then communicate for days together without worries about exhaustion of balance.

When we speak about online mobile prepaid recharge there are numerous options to follow. You can either visit the corporate site of the network operator or visit any of the many online platforms. It is no surprise if you come across an online one-stop portal that facilitates you get your mobile prepaid recharge done using an E-wallet. Then there are sites that let you pay via credit card or internet banking. Whatever be the payment mode, it is you, who enjoy a win-win situation for your phone recharge.
