Article published on January 25th 2012 | Mobile Phones

Packed with array of quality features Samsung Galaxy Pro b 7510 is an amazing introduction from the Samsung. Not only it is bundled with all newest features but also it looks classy and beautiful. It has been designed in a manner that it suits perfectly the professionals. At the first instance users might find some resemblance with the blackberry but after close inspection they will realize that it is even better than Blackberry in style as well as features. Its overall measurement is 10.86cm in height, 6.67cm in width and 1.07cm in depth. It weighs only 103.4 grams and possesses a TFT touch screen that measures 2.8 inches. The touchscreen has a resolution of 320x 240 pixels and features 256k colors. The first thing that strike about this pretty mobile phone is its classy style. Some other supportive features of this mobile phone are UI auto-rotate, Accelerometer sensor, proximity sensor for auto-turn off and the QWERTY keyboard.

Samsung Galaxy prob7510 is powerfully built from within. It has an inbuilt memory of up to 512MB and this can be further extended up to 32GB with the help of an external support through MMC card. Besides it has a 2GB card included in the feature. So, users can now store enormous data without worrying about the space. Other astounding messaging features are the threaded SMS view, MMS, Email, PushMail, IM and the RSS services. With these various services communicating with the dear ones at far off places is not a problem at all. This smart phone from Samsung also incorporates a built in 3.15 Megapixels front facing camera that is ready to use anytime. You can capture images, take videos and enjoy viewing all these in your wide screen with much ease. The crystal clear image quality makes it an amazing smartphone.

People who are work-alcoholics the ThinkFree document viewer/editor is just ideal. Apart from this you also have the benefit of another interesting feature of navigational guidance through the GPS and Google map. You can always stay connected with your friends and dear ones through different services such as 3G, Wi-Fi, GPRS, EDGE, Bluetooth, USB and HSDPA. Samsung Galaxy mobile prob7510 also provides the facility of other popular internet hotspots like Google search, Maps, Gmail, YouTube, Google Talk and the Picasa. As for the multimedia lovers this phone has enough to provide. With the facility of Stereo FM radio attached with RDS, music player and video player you can play anything and enjoy the superb quality of sound and image. It supports all latest kind of file formats such as MP3, WAV, eAAc+, MPEG4, H264, DivX, WMV and Xvid. The price for this wonder gadget in Indian market is just Rs 9,849 only.
