Nirala Group: Bringing easy life to everyone by Vishnu Swaroop

Article published on January 12th 2012 | Real Estate

Nirala Group is a renowned name in real estate sector and it always creates hype whenever it launches some new project. This time it launched two real estate projects titled Nirala Estate and Nirala Aspire, in Noida Extension. With a vision to improve the living standards of people, these projects seem to be the best buy in present scenario. Use of latest technology and equipments made these projects really worth living.

Nirala Aspire has been set up in the Noida Extension encompassing an area of 25 acres. The project offers luxurious 2BHK/3BHK and 4 BHK apartments. The whole area is covered with green landscape so that residents can enjoy a fresh and healthy life. To enhance this further, there is a central park available for the residents. There are numerous sports facilities like cricket pitch, tennis court, jogging track etc., in short there is everything available to make the place highly enjoyable for the residents. A state-of-art gymnasium, spa, sauna and Jacuzzi bath are some of the other amenities of this township. Moreover, there is squash court, billiards and a table tennis area. The club consists of a multipurpose hall and restaurant for gathering of family and friends.

The apartments of NIrala Aspire comprises of vitrified tile flooring in the drawing room, kitchen and bathrooms. The paintings of walls and ceiling have been done in OBD with pleasant shades. There is 24/7 power backup alongside a DTH connection and landline facility.

Nirala Estate is situated in the Noida Extension of Delhi/NCR region and provides world class facilities to the residents. The project provides luxurious 2BHK/3BHK/4BHK apartments of varied sizes. There is availability of a jogging track and central park so that residents can refresh their mind and body. There is continuous security available in the township and 24/7 water and electricity supply. Moreover, there is ample space available for car parking. For water saving during rainy seasons, there is a rain water harvesting system available in the complex.

These projects enjoy excellent location advantages due to their location in the Noida Extension area of the Delhi/NCR region. Due to this, they have great connectivity to some important landmarks like Sai Temple and Fortis Hospital. They are near to Noida City Center Metro Station, ATMs, banks and schools. They are also very near to the DND flyover that connects Noida to various parts of the Delhi/NCR region.

The group has done extensive research while making these projects, which is why that kept in mind even the smallest requirements of the residents. The success of these projects seems to be very clear by looking over the groupâ€™s successful track record in their previous projects. With these projects, Nirala Group seems to enhancing its reputation in real estate sector in coming future.
