Na chor haryam, na raaj haryam, na bhratra bhajyam na cha bharakaari, vyaye krate vardhate eva nityam, vidhya dhanam sarva dhan pradhanam

Meaning:

The wealth that cannot be stolen, neither abducted by state, nor can be divided amongst brothers, Neither it is burdensome to carry, The wealth that increases by giving, That wealth is knowledge and is supreme of all possessions.

Yes, this wealth called knowledge or education is the highest/most coveted of all the possessions we can ever have. It is this knowledge which helps us in scaling, discovering and rediscovering the new horizons of success. Therefore it is of paramount significance that the source from which this knowledge is being disseminated is outstanding.

Today, education is limitless. Merely graduating in any particular discipline doesnâ€™t suffice. One has to be professionally qualified to lead a meaningful life. And when it comes to health sciences, apart from doctors, there is a sky rocketing demand of professionals, known as paramedics to add value to any healthcare related service.

Who is a Paramedic?

A Paramedic is an expert who assists the doctors in focused areas and aids for improved diagnosis and therapy. An upsurge in number of patients, plethora of diseases & the requirement for vast kinds of treatment have cemented the role of Paramedical Professionals who are expert technicians. The rising demand of trained paramedical professionals has unlocked numerous career opportunities for a lot of aspirants.

Career Prospects

After the completion of a paramedical course, employment avenues exist in the government hospitals, private hospitals and clinics, pathology labs, college labs, trauma centers etc. The qualified person can work as a radiologist, medical lab technologist, audiologist, speech therapist, physiotherapist, respiratory therapist, etc.

Selecting a Course

The main fields in paramedical education include Audiology and Speech Therapy, Physiotherapy, Dental hygienist and Dental mechanics , Nursing ,Pharmacy, , Occupational therapy, Medical laboratory technology, Radiology/X-Ray technology, , Operation theatre assistant, Optometry and Ophthalmic assistant and other assorted job oriented courses. The selection of a particular course depends entirely on an individuals interest area, his skills etc.

Selection of an Institute

The selection of an institute is one of the deciding factors in the development of a promising future in the field of Paramedical Science. An institute must be accredited from a renowned university, must be in possession of the most experienced and competitive faculty. One such academy meeting all the above sited prerequisites is Wellwishers Academy.

Well Wishers Academy is established from the house of Marvel Group which comprises of Motherâ€™s Pride, Presidium, Adiva, The Knowledge Tree, and Sparsh. The academy aims at training the healthcare professionals in paramedical courses such as
