SEO next complaints are not genuine by James Blee

Article published on April 5th 2012 | Seo

The rising popularity and reputation of SEO Next in the world of search engine optimization and online business have already triggered envy and jealousy in the rival companies. This company has its wings spread throughout the world and particularly more operative in countries like India, United Kingdom, Australia and the United States. They specialize on a wide variety of services apart from Search Engine Optimization like Pay per Click Optimization, Social Media Marketing, web designing and many others.

However, after going through the seo next reviews, it seems that they are triggered by inability of some of the lesser concerns that find it hard to match up with Seonext. . But the case is not same with everyone because on the contrary, many people have posted positive reviews.

It is thus, being suspected by the company that many rival companies are probably playing scam in the name of seo next. Let us have a look at what the fake reviews that are posted to tarnish the image of Seonext say-

â€¢ â€œAfter many days from the commencement of work, there is no progress. Their poor performance has been repeated many timesâ€•..

â€¢ The customer service desk of the company is extremely uncooperative and rude. If somebody decides to file a complaint, they retort back by challenging customers and accusing them.

â€¢ â€œThe company refuses to refund any money, even when it is proved that no work has been done. They claim that the allegations are baseless and more work has to done by themâ€•.

Meanwhile, the company has made public the fake nature of reviews and the ulterior motives working behind them.
