Article published on June 15th 2012 | [Shopping](#)

It has been said that all stunning ladies lead a very busy life and that is the philosophy of Peppermint have, that is why with this, they always do their best in order to make your life easier. If you are lucky enough and live near one of their stores, then it is for sure that you will also know that shopping in Peppermint is such a special experience for you because of the reason that, their emphasis is on a friendly efficient service while also allowing their possible customers to browse as well as enjoy their shopping adventure with them. All of their merchandise is hand picked and you can be sure that every item is chosen with you in mind.

They like also to be a little different and because they are independent, it is for sure that they can create original looks and then offer many different labels and brands. Peppermint know how to dress and they certainly love keeping up with the latest trends while still maintaining their own personal identity. Other than that, Glamorous UK is a British high-fashion brand from Manchester and offer their collection of fresh, modern looks that everyone wants in affordable prices. Glamorous clothing actually allowed high-fashion trends in order for them to become accessible to the masses at little cost. With the use of their designs, you can now possibly mix and match, allowing the creation of certainly unique looks.

Also, there is certainly no denying that the main focus of this fashion house with a good reason are the closet dresses. With their extensive collection that are available in multitude of various designs and colours, there is truly a Closet dresses for every occasion. They are also versatile when it comes to their designs so it is for sure that they can cater for all scenarios just like wearing sophisticated styles which carry all the elegance required from an office dress. Like the Rib Closet dress, its high neck-line styles ensure that this powerful design commands respect and facilities ambition.

Moreover, we all know that platform shoes have been around in some capacity for well over 2000 years. Here at Peppermint, you can find their extensive selection of those appealing high heeled that are already available for you to order. Their colours and styles also vary greatly because of the fact that, you can find here the striking acidic colours of the 70's as well as the classic blacks, creams and nudes also are available in suede or patent material. With this, you can style wisely with their sensational designs stock from pep shoes with some interesting variants even being lavishly embellished with beautiful bows.
