The Aura of French Furniture – Creative Finesse at Its Best. [Julia Roger](#)

Article published on May 30th 2012 | [Shopping](#)

There are several special attributes of french furniture that will help you to discern them even in the middle of a large stock of other items. These are known for their highlights of excellence in finishing and design for many generations of craftsmanship in wood. French styled furniture has created a niche for itself in the international market in the homes of discerning patrons who choose nothing but the best. If you are looking through collections of vintage French furniture you will find a few features that form the basis of their designs. High gloss finishing and polishes used on these items are capable of retaining the same luster through decades of their use.

Vintage French furniture is an opulent and explicitly elegant range of furniture items that has intricacies of workmanship detailed on its surfaces. If you see a bed, in this range, you will note the posts to the canapÃ© and even the foot stands of the same that are done with beautiful hand carvings finished with fine detailing and precision on each side. There are designs matched with engravings and enamel work among several variations typical to French styled furniture alone. Handmade French furnishings are common even today. The skills of workmanship have been retained by several such companies through their generations of designs and skills in woodwork. Examples of exquisite vintage French furniture adorn the halls and quarters of palaces, museums and other buildings of eminence all over the world.

French furnishings have been inspired by several factors of royalty, renaissance and the passage of time. The different periods have left their influence in the designs of furniture as well; these have resulted from the evolution of art forms and designs that grew popular at different stages of time. Colors of upholstery are also marked by similar inspirations. While examples of modern period French styled furniture can be seen with lighter and muted shades, there were bold designs in strong color palates used earlier on. vintage french furniture designs have been considerably replaced with straight and cleaner lines in contemporary ranges of furniture.
