Kodak Office Hero 6.1 All-in-One Printer by Theodore Sumrall

Article published on May 2nd 2012 | Software

Kodak Office Hero 6.1 All-in-One Printer offers low cost printing ink tank compared to others and it also offers various connection technologies such as Wi-Fi, Kodak e-mail printing service and Googleâ€™s cloud Print. On the other hand this printer is incapable of printing directly on to the blank discs and it also offers fixed angle screen for display, which is less comfortable than the adjustable ones.

The printer has the capability to hold up to 200 sheets of paper at once and if, you are not in a hurry then Kodak Office Hero 6.1 wonâ€™t disappoints you with its cloud based printing features. Another impressive feature included in this printer is the presence of auto-document feeder, which has the capability to feed up to 35 sheets of papers automatically. This interesting feature gives users an impressive experience of using printerâ€™s scan features hands free.

Currently, this printer is available for $200 in the market. This printer falls under the midrange category of printers and offers multi functions such as scan, copy, print and fax. The Kodak Office Hero 6.1 is manufacture for professional needs with diverse printing features. Printer offers both wired and wireless connection technology such as Wi-Fi, Ethernet, USB port and cloud printing technology.

Kodak Office Hero 6.1 is the first printer that comes with Kodakâ€™s e-mail Print feature, which enables users to give the print command from any computer connected with internet, just like in HPâ€™s e-print feature. The Hero 6.1 is multi-function printer, which is less expensive when compared to others with similar features. Setting up the printer is easy and it also offers good printer performance, thus making this printer a recommended for small office or home usage.

Kodak Hero 6.1 is built for professional use. It exterior is more professional and polished compared to ESP line. The printer has small red strip, which act as a distinguisher line between the hidden scanner bay and control panel. The printer comes with matte black color, giving it a professional look. Hero 6.1 also includes the auto duplexer feature, which helps in printing both sides of the paper sheets, thereby lowering the usage of paper sheets by 50%. The introduction of duplexer feature in Hero 6.1 printer is both economic and sustainable. However, the printer is bit heavier than any normal printer in this range. As per the Kodak, Hero 6.1 has the capability to handle up to 12,000 sheets of paper before it loses steam. Overall, Hero 6.1 is a decent printer that comes at affordable price.
