Thereâ€™s your rate and thereâ€™s your paralegalâ€™s rate. There are the partnersâ€™ rates and the rates. And by the time the billing clerk is done punching a calculator, thereâ€™s the headache and the mistakes.

Why not make it easier to compile the monthly billing?

Easy Softâ€™s attorney billing software is so easy to use, weâ€™re going to show you in the first two minutes of this video just how easy. If weâ€™ve made our case, just go to the legal billing software and click on â€œdownload free trialâ€• or â€œbuy program now.â€•

With Easy Softâ€™s attorney billing program, setting up each timekeeper at individual rates is as easy as filling in a few boxes. All in one screen, you will fill in fields for the timekeeper name, initials, and rate. Leave it to Easy Softâ€™s billing software for attorneys to ask you the key information and then remember who bills at what rate.

If your law firm grows or changes timekeepers, Easy Softâ€™s law firm billing program allows you to readily add new timekeepers and remove program access permissions for old ones.

Does one of your timekeepers bill at different rates for different clients? No problem. With Easy Softâ€™s law office billing program you input different rates in boxes marked for different â€œlevels,â€• all on the one timekeeper screen. This design allows you to customize the billing rates while maintaining accuracy as to whose billing rate you are inputting. With Easy Softâ€™s attorney billing software, you can send out invoices on complex matters with ease.

Each time a billing entry is made, Easy Softâ€™s billing software for attorneys calculates the total due and compiles it on a per client basis. Itâ€™s ready whenever youâ€™d like to print an invoice. These different billing rates can also be displayed on the printed invoice as confirmation to you and your client that the agreed-upon rate is what is actually being charged for the services performed.

If youâ€™re tired of multiplying by sixths of an hour, get started today with Easy Softâ€™s law office time and billing software. This law office billing software was designed specifically for attorneys and law office staff.
