For the complete package of all of your laboratory and pharmacy equipment needs, from laboratory freezers to data loggers procedures, then there really is only one name to consider and that is White Horse Scientific.

Here at White Horse Scientific we have over twenty five years of experience in the laboratory and pharmaceutical industry. Indeed, it is this significant experience that has allowed us to provide you with some of the most meticulous data loggers, laboratory freezers, and other products and services, as well as elevating White Horse Scientific to be one of the premier laboratory products suppliers in the UK.

The superiority of our data loggers is most accurately represented by the collection of digital contact products that we have available on our website. The Versatrak data loggers that we're able to offer you are as affordable as they are functional. With a range of models and technical specifications to choose from, and given that these data loggers are infinitely reliable, there really aren't many reasons why you should choose not to purchase one of these data loggers.

However, the pharmaceutical products that White Horse Scientific has for you include a selection of pharmaceutical or laboratory fridge freezers for easy and safe storage of all refrigerated instruments or laboratory necessities. As with our data loggers, the Kaltis AH022M 220 litre 86 Chest Freezers have a number of highly superior features that are integral for any pharmaceutical or laboratory environment. The low profile cabinet design includes four insulated inner walls, three adjustable shelves and air cooled refrigeration system. With a retail price of just four thousand seven hundred and ninety nine pounds these chest freezers are as affordable as they are functional.

If you'd like to find out any more information about the data loggers, laboratory freezers, and indeed all of the products that we can offer, or to shop online at our website, then come and visit us online at: www.whitehorsescientific.co.uk.
