Article published on January 10th 2012 | Spirituality

Many astrologers have a opinion that the purpose of astrology is not to predict the future. But the create it.

The personal horoscope reading is rather a dynamic and interactive process of self-knowing and self-empowering, and here the astrologer objective is being to mediate the connection between the person and the Universe, the universal knowledge database. This is based on the information extracted from the personal horoscope; the astrologer can offer insight on the client's questions and issues.

Let know How to read a HOROSCOPE on the Indian system-

A horoscope is a detailed layout of the zodiac and planets at the time of birth recognized by the ancient Indians influencing the earth. It is actually the actual position of heavenly bodies in the sky and would be equivalent to a picture taken at a particular time capturing their state.

There are mainly two aspects to a horoscope:

How to Construct the Horoscope - This is a actually scientific or we can say the mathematical aspect of making a horoscope. As astrology principle are already so just follow the principles of ASTRONOMY, and you will see that is identical to what any other computer or individual may make it. You can cross check also. There is no dispute to this. You can check dasha and other aspects also.

More on CONSTRUCTION OF A HOROSCOPE:

Basic Birth Chart -: Horoscope

Ascendant or the sign rising on the eastern horizon at the time of birth.

Following numbers have been allotted to various signs:

Mesha (Aries) - 1

Vrishabha (Taurus) - 2

Mithuna (Gemini) - 3

Kataka (Cancer) - 4

Simha (Leo) - 5

Kanya (Virgo) - 6

Tula (Libra) - 7

Vrishchika (Scorpio) - 8

Dhanus (Sagittarius) - 9

Makara (Capricorn) - 10

Kumbha (Aquarius) - 11

Meena (Pisces) - 12

Interpreting a Horoscope: This aspect is little tough and takes up your individual understanding, analytical, memory as well as intuitive skills. Reading a horoscope is an art and this come with good experience as well as a natural talent which makes a good astrologer.

A real Horoscope may come with full details about you starts with describing how you may ok like or your physical features, mental tendencies and personality. This also will describe the important events, happenings in your life and will go in to finer points and features of the same. It also tells about your best areas of learning you are good at, your talents and skills, occupation you can easily be successful, your likes and dislikes, your marriage, your relationship with your family and children and many other details of your life as whole.

The actual reading may covers various periods of your life. Like past, present and the future. What happened in past and when? And what things will be happening in the future and when?. How was last 2 years? In Yearly reading it may have your income and properties, work and employment, family and home life, education and health in next 5 to10 years. What are your good times? What are the bad times?

It may be concluded with the details about your health, finance, romance and marriage, ideal match, domestic environment, profession, lucky days, lucky numbers, lucky colours and lucky stones. Nowadays, the horary astrology is the branch of astrology that is closest to this vision/ approach to astrology.
