Olympic is a mega sporting events which includes numerous diverse sports. It has held every four year. Originally, the Olympic was held in ancient Greek city of Olympia since 10th century BC. It is not sure that the games were held first time, but it has taken their form during that time. The games were held only in local region and also had only one race that was race of stadium. However, the purposes of olympic games was enforce the relationship between the different Greek cities and also as an opportunities for youth to show their physical power and talent. Then only Greek men had permit to participate in Olympic, not women. The games have face many revolutionize due to changing time and divide into two games as winter and summer Olympic. Several of sports has taken place in this mega sporting events and numerous athletes take part in every Olympic. Every four year period, the games have held in different-different countries who have won the bid for hosting.

The games will be going to host in new venues with existing and historic facilities. Several of new facilities have intended to give athletes, observers and Olympic officials. Rejuvenation of Stratford and lower Lea Valley in east London is also a part of games plan. Total of 26 sports separating n 302 events will be held in 2012 Olympic and at least 10500 athletes will participate in their respected discipline. Like other Olympic, the London Olympic also puts up with great importance of sportsmen and athletes. Definitely, it will be big platform for every athlete as well as those athletes who participate first time to show their talent. The craze of observing London Olympic is already amongst fans and approximate 1 million people have obtained the tickets for observing this mega sporting events. The Olympic will serve as the platform for games and also provide the opportunities to enjoy the favorite sporting events to fans. Ticket selling has begun in March 2011 and as millions of tickets sales, most are not able to get ticket. Now also huge demand of olympic games tickets amidst fans and they are crazily involved in getting tickets.

The ticket prices are different and it has intended by officials from £20 to £2012 for different events. You can obtain ticket online and for ticket, you must visit official website of London Olympic and register it. After registration, you must informed officials and you will get response soon. They send all information about particular events, timings, dates and ticket price etc. As most awaited events, the olympic games schedule has declared by Olympic authority and it has kept from July 27 to August 2012. The wait for games is not yet over; it is just after five months. During these seventeen days of sports festival, total 26 sports events including 36 disciplines will be held. Approximate 10500 athletes will participates in the multi sports events and show their talent in their disciplines. The opening ceremony will be on July 27th and preparation has almost finished.

You have sufficient time for preparation for London Olympic. If you have not bought ticket yet, must go online and find tickets for your favorite sports. Get complete schedule for all events that will be held during sports festival. London, host city of Olympic 2012, will host third times and also become first country to host the games three times. The olympic games london will be held during July and August month of year 2012. The city has prepared hard for several of special events and also expecting to catch the attention of more tourists. One of the stadium as Stratford, located in East London is also a pride and joy of Olympic. Everything has goes with planning and also easy for athletes as well as visitor to reach at the venues. However, London is obviously a fantastic city attracts lots of visitors and it is also sure to attract many spectators during London Olympic 2012 and bring also nice atmosphere.
