Australian batsman Ricky Ponting has been dropped from the one day squad on the ongoing commonwealth bank series as his batting performance in last few matches were very measurable. He led Australia to win World Cup even his present performance is very surprising as he is hardly crossed double figure in most of his recent innings.

The importance of cricket bowling machine is to be talked here as most of the veteran players are now struggling over good score. Cricket bowling machine can be used for everyday practice. Players can improve their batting style up to the mark with cricket bowling machine. They have to use cricket bowling machine to develop stylistic pattern of batting up to the mark.

Ricky's recent scores are like 2, 1, 6, 2 and 7 in his five innings. Participating in a 375-game one-day international career, this performance is obviously subjected him to his poor performance.

In a recent interview with Inverarity as he said with regard to Ricky Ponting, "Ricky and I were always clear on this, that at some stage he'd either come to me or I'd have the responsibility of going to him. That's always the case with all players, isn't it? It's either they come to the selectors or the selectors come to the player. Ricky in the ODIs there's been a form lapse there, yesterday he wasn't in good form and in the five games he's made very few runs. The team will not seem the same without him, but moving on from the omission of players who have been outstanding over a long period of time is the nature of elite sport. Ricky's record speaks for itself. He is one of the truly great performers in the history of Australian ODI cricket, with his reputation enhanced further by him captaining Australia to two World Cup victories."

Inverarity further said, "Ricky's contribution goes far beyond his batting statistics and his brilliant fielding. The example he sets in every respect and his extraordinarily positive influence in the dressing-room is acknowledged by all. He is held in the highest possible regard by his team-mates and there is no higher accolade than this. Ricky being prepared to take over the captaincy in Michael Clarke's recent absence for the sake of the team is yet another example of his selfless attitude and team-first focus."

Inverarity also said, "Ricky Ponting has been dropped from the ODI side and the national selection panel has spoken about moving towards the 2015 World Cup. The door is never closed on anybody, but it's a strong indication there. We were very keen for Ricky to play in these games because we intended to blend in some younger players, and his influence for them has been remarkable. But we need to at some stage move on."
