Blackberry Bold Touch 9900: Light and Sleek and Beautiful Smartphone by [Angela Neacsu](#)

Article published on January 27th 2012 | [Technology](#)

The BlackBerry Bold Touch 9900, in view of a section of the users, is the most beautiful looking Smartphone available in the sales counters. The handset has thickness of 115 x 66 x 10.5 mm and its weight is just 130 grams. It is easy to assume how handy and light this piece of the BlackBerry product can be. The set can stand for the definition of slimness, but it is at the same time uniquely sleek.

The BlackBerry Bold Touch 9900 is known for 2.8 inches TFT touchscreen display which highly sensitive and which has VGA resolution of 640 X 480 plus 28ppi. A super-soft full QWERTY keyboard lies below the display. The frontal part is spacious in this way and one will find keys of comfortable size as they are neither huge and nor small.

It is easy to locate the key of the dedicated camera. The handset has a jack of 3.5mm on its left and key of the camera is on the right. The camera of the set is set on the back. This is of 5 Mega Pixel plus LED flash. There is also a 1230 mAh battery which is ready with talk time for six hours. The users are not happy with the camera, because it has no auto focus. Photos that one takes are not free from grains or dots. Photos are not clear to the level of expectation. The level of noise is high, and this is why one is sure to have negative experience if one shoots in poor or insufficient light,

1.2 GHz single core CPU along with 768 MB of RAM is the power source of the BlackBerry Bold Touch 9900. This Smartphone is run by BlackBerry OS 7 which has been enriched with technology of Liquid Graphics. The handset has been prepared for offering smooth E-mail experiences.

The BlackBerry Bold Touch 9900 cannot be discredited for performance of its music player. As there is a fast CPU and good display, DivX files with 1280 x 720 resolutions can be easily played. Connectivity of this handset has been supported with quad-band GSM, 3-band 3G with HSPA.
