Gatwick Airport and its Facilities by [Jocasta Marvin](#)

Article published on July 31st 2012 | [Travel](#)

Gatwick is the second most popular airport in London for inbound and outbound airport traffic. It is also the second busiest airport of United Kingdom after the London Heathrow Airport. Gatwick is located at a distance of five kilometers from the borough and town of Crawley and 47 kilometers from the Central London. Gatwick also enjoys the status of being the best airport for point-to-point flights in entire continent of Europe. Although it is the second busiest airport in UK after Heathrow yet it is the world's busiest single-runway airport that averages 52 aircraft movements every hour. The airport has a total of two terminals, one on the north while other on the south. An approximate of 33.6 million passengers passed through Gatwick in the year 2011 making it one of the major airports of the country. The airport offers all kinds of transportation facilities to its travelers. For instance car hire at Gatwick airport does not bother anyone as there are UK's renowned car hire companies offering economical as well as luxury car hire services.

For those who need to depart via London's Gatwick airport and need to reach the airport from anywhere across the country, car hire to Gatwick airport is easily available from all cities, towns, boroughs, suburbs and villages. Gatwick provides its passengers with the ease of traveling to and from via all modes of transportation. Taxis, cars, trains, buses and coaches are available all time without a hassle. Next to the south terminal of Gatwick airport, a dedicated railway station is located. The Gatwick Express train service provides connections to all major parts of the London City. Aside from this, the other rail companies also serve at the Gatwick Rail Station which includes First Capital Connect and First Great Western. The passengers of Gatwick airport also get connections to the Heathrow airport via x26 Express Bus service. The scheduled coaches by National Express run non-stop from Gatwick airport to all long distant locations across the country. Taxi hire from Gatwick airport is also cost effective and convenient solution for traveling to all major locations across London City.

For transferring passengers between North and South terminals of the Gatwick airport, there is a special inter-terminal transit system of three-car driverless trains which operate automatically. This makes it a fun to move from one terminal of Gatwick to another. Due to the ever increasing traffic at the Gatwick airport, the plans for building a third terminal and a second runway are under consideration. The construction of another terminal and a runway will help Gatwick in handling passengers more easily and efficiently. Among the taxi companies at Gatwick airport, CrossCab is one of the oldest providers of airport taxis. They have been serving all major airports of London including Heathrow, Gatwick, Stansted, Luton and London City airports since more than 5 years. Their years of experience put them apart from the competing online taxi companies of UK. CrossCab lets you opt for taxi hire from and taxi hire to Gatwick airport at very reasonable and economical prices.
