Choose Perfect Wedding Flower According to Your Theme by [Deepak Verma](#)

Article published on December 6th 2011 | [Weddings](#)

It is really difficult task for choosing flower for wedding like dress because flower makes attractive decoration of your wedding ceremony.

In Indian there are so many flowers which are used for wedding ceremony. Flower for wedding in India categorized into two types. One is used in wedding ceremony and second is used reception ceremony. Ant flowers is used according to your wedding theme either an Indian theme wedding or any of the fancier themes which will then be based on the wedding planner.

As we know flower is also used in wedding Mandap where the holy fire will be lighted for the actual Indian wedding ceremony.

You should have to also consider that where you should have to use which types of flowers because we know that lots of weddings are also held in the evening. When there is an evening or night wedding then using dark pink is not such a good thought as dark colors do not place out in the harsh electrical lighting. If you have a colors theme that includes the above dark colors then what you can do is try and change the background of the flowers and the garlands by using a background Shamiana cloth in shades then it will be show beautiful.

As we know flower we should have to use according stage theme of reception decoration and about this wedding planner has better knowledge. If you wish to make this look different from the common wedding decorations a Monochromatic format but with all different types of flowers will look eye-catching. One idea is to add little hanging mirrors all through the flowers, these will glitter like specks of moonbeam with the ambient lighting that the wedding reception usually has. So according this way you can take decision where which flower we should have to use for making attractive.

If you are facing any problem and you have no confidence that how you will make nice wedding or reception decoration with the help of wedding flowers then you can take suggestion through [fnpweddings.com](#). It provide wedding planners on affordable price who will do well work according to your budget and they will have better knowledge about where and which flower we should have to use according to wedding theme. So after hiring a wedding planner you will be sure wedding or reception ceremony will be memorable for whole life within your budget because they have better contact to vendors.
